Pavement Technology, Inc. Earns Gold Level Recognition from *FLCAJ* Readers

April 3, 2020 – *Florida Community Association Journal* magazine announces that its seventh annual Readers' Choice Award winners were unveiled in the March 2020 issue with an expanded section profiling notable winners.

The FLCAJ Readers' Choice Awards is a unique recognition program that shines a spotlight on the positive and productive contributions by community association service providers across Florida. They are presented to service providers that demonstrate through their commitment to the community associations they serve an exemplary level of proficiency, reliability, fairness, and integrity.

Since being founded in 2013, the Awards have grown every year, with over 550 service providers nominated for this year's awards and approximately 8,500 votes cast. This year's Gold Level award winner in the Asphalt & Paving Services category was Pavement Technology, Inc. (PTI) of Westlake, Ohio. PTI develops, distributes and applies life-extending asphalt and concrete preservation solutions, including roadway treatments that reduce airborne pollution and help mitigate urban heat and acid rain.

There is no fee to enter the Awards and the entire submission process is done online. Winners are chosen based solely on the total number of votes.

For the Readers' Choice Award PTI profile, please visit www.fcapgroup.com/flcaj/readers-choice, or visit www.pavetechinc.com for more information.
